

DAVID BASSIN

EDUCATOR · CURRICULUM DESIGN · AI TRAINING FOR TEACHERS

Woodmere, NY | davidbassin12@gmail.com | dbassin12.github.io | linkedin.com/in/dbassin | github.com/dbassin12

Educator who designs curriculum and builds learning tools with AI. I teach 106 students a year in AP Macroeconomics and Global History, plan each year end to end, and build the games my students play. I coach my school's faculty on AI, and I build AI tools for small businesses and teach owners to run them.

EXPERIENCE

DRS Yeshiva High School for Boys History and Economics Teacher Woodmere, NY · Sep 2020 – Present

- Teach **106 students a year** in AP Macroeconomics and Global History 10, and design both courses.
- Plan each school year end to end with AI: every AP Macro topic on a named class day, tests on the school's exam days, and sub-ready plans for sick days, kept current all year.
- Design and build review games for phones and the projector: the **DRS Econ Arcade** (7 AP Macro games), **Open Outcry** (a whole-class trading-floor game), and **Road to Revolution** (3D, 213 voiced lines).
- Lead AI at school on the **AI Task Force**: run demos for the whole faculty, coach teachers one-on-one, and helped write our AI rules.
- Wrote a step-by-step staff guide so colleagues can build their own year calendar with AI.
- Automate the busywork and check every result: progress report comments in 85% less time, essay first reads in 63% less time, and grades moved to Veracross without retyping.

Bassin Consulting Founder Woodmere, NY · Dec 2025 – Present

- Built AI tools for small businesses and taught each owner to run them: a voice-to-database system for a pergola company and an intake workflow for a solo law practice.
- Built a call-to-CRM system for a plumbing company (Twilio, Whisper, an LLM, Pipedrive): a phone call becomes a CRM deal in under a minute.
- Built **FinAid Dashboard** with a university financial aid counselor: it adjusts the federal aid formula for regional cost of living and K-12 tuition.
- Offer schools hands-on AI workshops and teacher coaching, and ed-tech teams a teacher's review.

Yeshivah Lev Torah History and Personal Finance Teacher Brooklyn, NY · Sep 2018 – Sep 2020

- Taught Regents Global History (grades 9 to 12) and built a personal finance course from scratch.

Hebrew Academy for Special Children Special Ed Teaching Assistant Brooklyn, NY · Sep 2016 – Sep 2018

- Gave one-on-one and small-group support and helped carry out IEPs with lead teachers.

M. Shanken Communications IT Support Specialist New York, NY · Jan 2013 – Aug 2015

- Supported 100+ staff on hardware, software, and accounts, and set up the IT side of an office move.

WORK SAMPLES (LIVE)

- **Econ Arcade case study**: the problem and the design dbassin12.github.io/econ-arcade-case-study
- **Shift Happens teacher guide**: AP topics, a class plan, practice items dbassin12.github.io/shift-happens-guide
- **AP Macro year plan**: 114 class days, 42 topics, sick-day kits dbassin12.github.io/ap-macro-command-center

SKILLS

Curriculum design: backward design, AP CED alignment, assessment design, differentiation, DBQ writing

Teacher training: faculty demos, one-on-one coaching, AI guidelines, Schoology, Veracross

AI and building: Claude Code, Claude, ChatGPT, Codex, prompt design, prototyping, Next.js, Vercel

Home AI lab: multi-agent systems, 20+ scheduled automations, a Claude vs. ChatGPT paper-trading arena

EDUCATION

M.S. in Education, Pace University **B.A. in History**, Baruch College **Google AI Essentials** certificate
