

DAVID BASSIN

AP MACRO AND HISTORY TEACHER · LEARNING TOOLS BUILT WITH AI

Woodmere, NY | davidbassin12@gmail.com | dbassin12.github.io | linkedin.com/in/dbassin | github.com/dbassin12

I teach AP Macroeconomics and Global History, and I design the learning tools my students use: seven AP Macro skill games, a 3D review game, short history videos, and an IEP version of every worksheet. I build with AI and check every item against the AP course framework and real sources. On my school's AI Task Force, I coach teachers and helped write our AI guidelines.

EXPERIENCE

DRS Yeshiva High School for Boys History and Economics Teacher Woodmere, NY · Sep 2020 – Present

- Designed the **DRS Econ Arcade**: 7 AP Macro games for the skills the exam grades, with a one-line why after every answer and a readiness heat map that tells each student what to play next.
- Planned **AP Macroeconomics** backward from the May exam: all 42 College Board topics on a named day, 16 new lesson decks on real events and FRED data, and AP-style quizzes with answer keys.
- Used AI tools to make **four short French Revolution videos** and **Road to Revolution**, a 3D review game with 213 voiced lines. Every picture is credited and every fact checked.
- Made an **IEP version of each Global History worksheet** (bigger type, shorter chunks, sentence starters), with each primary source beside a readable version.
- **AI Task Force** member: coach teachers in groups and one-on-one, and helped write our AI guidelines.
- Cut paperwork with automation: Schoology to Veracross grade transfer, a pacing calendar for 127 class meetings, and weekly update emails drafted from it.

Bassin Consulting Founder Woodmere, NY · Dec 2025 – Present

- Offer AI training and classroom tools to schools, and a working teacher's review to ed-tech teams. Wrote a sample AI guidelines page and a one-hour teacher workshop plan.

Yeshivah Lev Torah History and Personal Finance Teacher Brooklyn, NY · Sep 2018 – Sep 2020

- Taught Regents Global History (grades 9 to 12) and built a personal finance course from scratch.

Hebrew Academy for Special Children Special Ed Teaching Assistant Brooklyn, NY · Sep 2016 – Sep 2018

- Gave one-on-one and small-group support and helped carry out IEPs with lead teachers.

M. Shanken Communications IT Support Specialist New York, NY · Jan 2013 – Aug 2015

- Supported 100+ staff on hardware, software, and accounts, and set up the IT side of an office move.

BUILT OUTSIDE THE CLASSROOM

- **Call-to-CRM system** for a local plumbing company: AI transcribes a call, pulls out the job details, and creates a Pipedrive deal in under a minute.
- **FinAid Dashboard**, built with a university financial aid counselor: it adjusts the federal aid formula for regional cost of living and K-12 tuition.

WORK SAMPLES (LIVE)

- **Econ Arcade case study**: the problem and the design dbassin12.github.io/econ-arcade-case-study
- **Shift Happens teacher guide**: AP topics, a class plan, practice items dbassin12.github.io/shift-happens-guide
- **History videos**: four short videos for a French Revolution unit dbassin12.github.io/history-videos

SKILLS

Learning design: backward design, AP CED alignment, item writing, differentiation, IEP versions

AI and building: Claude Code, Claude, ChatGPT, Codex, prompt design, prototyping, Next.js, Vercel

Teaching: AP Macroeconomics, Global History, DBQ writing, teacher coaching, Schoology, Veracross

EDUCATION

M.S. in Education, Pace University **B.A. in History**, Baruch College
